

FAQ IDEA League Summer Schools

Who can apply for IDEA League Summer Schools?

Only students from IDEA League partner universities and, in some cases, ASPIRE partner universities can apply for the IDEA League Summer Schools. Application criteria differ per Summer School. Please visit the Summer School's SiROP pages for more information on the application criteria.

I'm not an IDEA League student, can I still participate in the Summer Schools?

Some Summer Schools are open for non-IDEA League students. However, different terms and conditions apply and students from these universities cannot apply through SiROP. Please visit the website of the specific Summer Schools for more information on participation and application as a non-IDEA League student.

I'm an IDEA League BSc student, can I participate in the Summer Schools?

No, BSc students cannot apply for the IDEA League Summer Schools. What are the selection criteria for participating in an IDEA League Summer School? Students will be selected based on their grades, résumé and motivation letter.

Can I apply for multiple Summer Schools?

Yes, it is possible to apply for more than one Summer School. However, as we want to give as many students a chance to participate in an IDEA League Summer School, being accepted into one Summer School, means that your chances of participating in another one will be smaller. Also please note that, after you have confirmed your participation, it is not possible to cancel anymore, unless you can present a valid reason. We therefore ask you to carefully consider your applications.

When can I apply for an IDEA League Summer School?

Applications will be open from March 21 until May 1st. Applications sent in after the deadline has passed, will not be considered.

I already participated in an IDEA League Summer School, can I apply again?

Yes, it is possible to apply again. However, preference is given over students who have not yet participated in a summer school.

When can I expect to hear if I have been accepted?

We strive to inform you on your final application status before June 1st.

Due to circumstances, I do not yet have any grades for my MSc programme, can I still apply for the Summer Schools?

Yes, application without any MSc grades is possible. Please send a copy of your BSc grades and specify in the 'additional comments' section why you do not yet have any MSc grades.

Is it possible to cancel my participation in an IDEA League Summer School?

If you have been selected for a Summer School, you will be asked to confirm or cancel your participation. After you have confirmed your participation, it is not possible to cancel

anymore, unless you can present a valid reason. We therefore ask you to carefully consider your application.

Who should I contact if I have any questions regarding the application process?

For technical questions or problems please use the "Report a problem" function on the website or write to support@sirop.org.

Questions regarding the application process should be sent to the IDEA League Summer School Applications contact person at your own university:
